BULLET PROOF MORCHA

MODEL : BP MORCHA

Construction

The bullet proof morcha proved is efficient both in low intensity operations and maintenance of law and order in urban areas. To assemble and dismantle, bullet proof morcha gives the user the confidence to observe and return fire in all hostile situation.

Protection

- BP Morcha protects against threat levels up to NIS level-III, i.e. protection against all small arms.
- BP Morcha can be assembled/dismantled in 60 seconds' time to be operational as a BP Morcha.
- It does away with the requirement for sand bags and becomes permanent property of the unit.
- Each plate has two carriage handles for easy movement.

Dimensions

The size of the morcha is 46inches x 27 inches and having a weight of 156 Kgs approx.
